## EXPERIENCE

### GRAYMATH TECHNOLOGY CO | ASP.NET MVC DEVELOPER

October 2018 – Present | Lahore, Pakistan  

- Working on the server-end side of multiple web app.

### EXPERT SOFT SOLUTION || ASP.NET MVC DEVELOPER

Sep 2017 – Sep 2018 | Gujranwala, Pakistan  

- Worked as a Server-End developer using modern web development framework i.e. Kendo-UI and Asp.Net(MVC) to build interactive web apps.

## PROJECTS

### SUN COMMUNITIES | Jan 2019 – Present | Graymath, Lahore

A sun employee portal web app. Currently working on its server-end side using c-sharpe and mvc.

### CHOOSE AND BOOK | Oct 2018– Present | Graymath, Lahore

Choose and book is a booking application for our England based client. I worked on some specific modules of the server-end side using c-sharpe and mvc.

### SMOKE FREE LIFE | Oct 2018-Jan 2019 | Graymath, Lahore

Smoke Free Life is a project of Solution4Health design and developed by graymath. I worked on some specific modules of the server-end side using c-sharpe and mvc.

### STAFFING | Mar 2018 – Sep 2018 | Expert Soft Solution, Gujranwala

Staffing is online recruitment platform. I have worked on its admin panel's front-end using CSS3 and along with Material-UI for an amazing look and feel and also its server-end using c-sharpe and entity framework.

### LOVEABLE | Jan 2018– Mar 2018 | Expert Soft Solution, Gujranwala

Loveable Photography is online booking web app. I have worked on its admin panel's front-end using CSS3 and along with Material UI for an amazing look and feel and also its server-end using c-sharpe and entity framework.

### LET'S CAMP | Jan 2018– Mar 2018 | Expert Soft Solution, Gujranwala

Let's Camp is a online campground booking software. We just add a single module on it. I have worked on its admin panel's front-end using dev express along with c-sharpe and entity framework code first.

### PFO | Sep 2017- May 2018 | Expert Soft Solution, Gujranwala

Plastic Free Oceans is a charity web app for our Australian client. I have worked on its admin panel's and its database.
